In addition, there was a letter sent to CC stating no more MDF would be paid for Camcorders as the yearly performance was significantly lower than the yearly minimum threshold. Also, the 2% MDF accrual is a maximum and not a guarantee or an entitled program.	Elliot says this is a valid Chargeback .
91629	70727	MITSUBISHI DIGITAL EL	55,000.00	55,000.00	Full	\$55,000 for environ placement of 148 series.	Charlie, The items that have been approved, per their completion in all stores, were the LT-52149/LT-46149 and LT-52148 in the two Environ spaces. As we know only the first phase of the 149 series Environ has been executed to any great degree to date. The 52148 has never materialized even though I had agreed to a credit based on this being executed by 11/1. I do not believe that any of the other issues that were being discussed have been executed either. There should be no further credits expected. Ric

They are claiming that we are not entitled to this funding initially because they did not have an agreement in place with us post-petition. After reading through the emails they provided in the attachment, this denial could also relate to CCS bringing in Lexar and violating the exclusivity agreement.

97639	59200	SONY ELECTRONICS IN	1,925.00	1,925.00	Full	Sony agrees to support \$25.00 per same ticket sale of XSL124P5B for 11/02 to 1/31 This is for 11/02 - 11/09	In the body of the letter for this claim, it states 'this is for 11/2-11/09' but in reviewing the support detail information for the 77 pcs, it states 'for sales 11/23-11/30'. If this was for sales for this timeframe, this claim should be against the post-acct. Pls review and if in agreement, pls cancel this cb and reissue to post acct.	From Dave Tuttle--This CB was approved by Jason on 2/5/09, and in reviewing the detail from OnBase, it appears that, even though the email from Marlon Black indicates the period is 11/23 - 11/30/09 (sic), the same ticket sales detail calculated the promo from 11/2 - 11/9/08 as indicated on both the chargeback and the chargeback letter (confirmed by Sony). It should also be noted that Sony's Anthony Spezio authorized this promo in his email to Lori Woods on 11/12/2008. This CB appears to be properly authorized by the vendor and accurately calculated using the "same ticket sales" query; notwithstanding the apparent clerical error in the summary email.
